GRANT SORROWED AT LOSS OF PINZ

The one and only Ernest (Bud) Pinz moved the other day to San Diego Calif. He was well known and liked by the students of Grant. His loss was felt greatest by Miss Patty Norman. But we, his fellow inmates, shall miss him greatly.

HIGHLIGHTS PROVED WRONG

The "Grant Highlights" you know the angel paper put out weekly by the dictators of Grant Said in short in its last issue. "The seventh graders are having a nice time studying China". But our correspondent Diane Monk says in her weekly report that the pupils(?) are having a hard time with it. She says "The seventh graders are studying the hard working Chinese but are finding it kind of hard, you see the seventh graders are not like the hard working Chinese.

The school board broke down and had Grant school rooms painted. This came in very for the kindergarden children for they were running out of wall space for scribbling.

EDITOR FOUND LAZY

I fixed up a sheet that had the reasons for not calling this the Ewyst propaganda sheet and gave it to Orville Trapp to show to the inmates and it had a space for you dopes to write out what you think this paper should be called. So I go down and find it no names on it in his drawer, but he will bring it to school with him tomorrow I gaurentee that.

NOTHING FROM ROMANCE EDITOR

I forget his name but we have a romance editor who will lit us know who is going with who. I hear that he is kind of a lover boy just what we need.
