

# GRANT HIGHLIGHTS

GRANT SCHOOL

MAY 29, 1946

SPOKANE, WAS.

## VACATION TIME IS HERE AGAIN

### SUMMER VACATION PLANS

The plans of the Grant teachers for the summer are many and varied. Miss Smith will spend most of the summer in Spokane with a possible week's trip to the coast. Mr. Nelson plans to rent his house in town and spend the summer at his cottage on Loon Lake. Mrs. McCray is to be a delegate to the National Educational Association meeting in Buffalo, New York. While in the East, she will visit many friends and her old home in West Virginia. Miss Salberg will attend the University of Oregon to study painting and jewelry. Miss Reed expects to take a trip around the San Juan Islands. The other teachers plan just to stay at home and enjoy their leisure.

### VICTORY CROP CORPS

### KINDERGARTEN ROUNDUP

On Wednesday, May 22, the small children who expect to enter Grant kindergarten in the fall, came for a thorough physical examination. Dr. Taylor was the doctor and Miss Burn was the nurse. Miss Huntley gave them a speech test. There were 29 who came and all were well and healthy, thanks to their mothers.

### MEXICO

Mexico is a beautiful place,  
Where someday I'll go,  
To see the gay girls in their  
shawls of lace,  
Doing vivid dances in their color-  
ful clothes.  
The men strolling down the narrow  
streets in their charming sombreros,  
Leading donkeys, carrying baskets  
that swing to and fro.

The Victory Crop Corps will operate again this year, due to the great need for food. The office will be opened Monday, June 3, at West 921 Main Avenue.

Boys and girls will be paid standard wages so they can be earning during their vacations as well as giving invaluable aid in providing food for the starving people abroad.

Any boy or girl interested is asked to register for work at the Victory Crop Corps office in the Y.W.C.A. lobby.

Ann Faulkner 3A  
Room 4.
